Admonition

The purposes of PISA are:

- (i) to share non-confidential knowledge regarding the state of information technology within the pharmaceutical industry through participating member interchanges; and
- (ii) to enable participating members to coordinate reactions when actual or proposed industry or governmental actions affect information technology.

PISA includes members that may be competitors as well as suppliers and customers. It is the intention of the Association to operate in strict compliance with antitrust laws. In particular, **nothing discussed at this meeting is intended to result in an agreement on price or the exclusion of suppliers from any market, or to otherwise restrain competition. Those participating in this meeting are instructed to avoid discussion of competitively sensitive subjects, including costs, prices, sales, product marketing, and other confidential information.** Members with questions regarding what is appropriate are directed to the Association's Antitrust Policy and Guidelines and are encouraged to raise questions with the Chairperson or antitrust counsel to the Association.
